

ASC Salmon Standard

Indicator 3.4.3: Estimated unexplained loss of farmed salmon is made publicly available.

Requirement: Yes

Applicability: All

Inventory difference at Marsh Bay for the 2017YC was +2.26% (+10,846 pieces). Marsh Bay experienced mass mortality events that led to the over-estimation of mortality counts on site. Shelter Bay also shipped larger fish (average weight 1.94kg) to Marsh Bay during a weather event, leading to a less accurate ship in count.
